

# Felt

● Felt in Pinnacle, Empire, Beehive, Acros, Rosada and Opera

● Autex Acoustics, New Zealand

## Soft terrain

Felt is a soft, mid-weight wallcovering made from 100% polyester fibre designed for a variety of interior applications. From the gentle, rolling curves of modern upholstery, to the sheer drop of a feature wall, Felt is a design chameleon—equally at home on the brim of a lampshade or the face of an acoustic panel. Durable and resilient, Felt can handle anything life chooses to throw its way.

To find out more about Felt visit [www.autexglobal.com](http://www.autexglobal.com)

Savoye

## Caring for the environment

Felt is manufactured using 100% polyester fibre and contains a minimum of 60% previously recycled fibre (from PET plastics). Our products are designed to be recycled at the end of their life too.

We have continual improvement programmes in which we implement a range of initiatives to mitigate the environmental 'hotspots' that we have identified. Our products are GreenRate Level A, Health Product Declaration (HPD), and CDHP Standard certified.

Felt is DeclareSM certified to be Red List free and can be used in Living Building Challenge projects. Autex has a high functioning Environmental Management System (ISO 14001) to enhance our environmental performance and contribute to sustainable development.

Declare.
